FOURTH DAY OF STANTON TRIAL

Wife of Prisoner Collapses After Long Cross Examination

HUSBAND ON STAN

Alleges Rolph Struck Him With a Baseall Bat When He Asked the Deceased of the Whereabout of Wife

Mrs. D. W. Stanton was on the stand when the Gazette's report of the trial of her husband, D. Worth Stanton, charged with killing Jesse Rolph last May, closed.

After having been on the witness stand for five hours she went to an anteroom and collapsed at the conclusion of the cross examination.

The accused subsequently took the stand.

He told of events leading up to the shooting. Among other things he said he told his wife he was willing to go anywhere with her to get out of the clutches of Rolph. The wife suggested California.

Stanton told of the departure of his wife from home and of his efforts to locate her and of finally finding her in Washington. While his wife was at one hotel, he testified, Rolph sent her flowers.

The witness described meeting Rolph and Rolph's brother and he said he asked: "Where is my wife?"

Rolph replied: "I don't know your wife.'"

A few words were exchanged when Rolph jumped at him and grabbed a small bat and struck him over the head. During the struggle for life, he fired once, getting the pistol from his hip pocket. Stanton, however, said he had no idea of shooting Rolph when he accosted him. His intention being simply to learn something regarding the whereabouts of his wife.

After the reconvening of the court this morning Stanton was again placed on the stand. After some questions by Mr. Burke his cross-examination by Commonwealths Attorney Smith began. He said he noticed a change in his wife's demeanor in February last; during the latter part of that month or the early part of March saw his wife with Rolph; said he went to a house in the neighborhood where a social party had assembled and requested his wife, who was among the guests, to come home; Rolph was present at the time, sitting on a sofa where prisoner's wife was also seated; saw his wife and deceased together on other occasions; had suspicions of relations between his wife and Rolph in February; deceased would drive up late at night and put his wife out at her home; when defendant appraoched Rolph on May 12 he entertained no hostile feeling toward him; but wanted to get information of his wife's wherabouts, as he desired her to return to him; had no intention of doing Rolph bodily harm at the time; shot after Rolph took him by the throat; did not intend to kill him when he discharged his pistol; was aware that Rolph had entered into negotiations looking to the purchase of Mrs. Stanton's house, his wife had stated to a real estate dealer that she did not desire to sell her house to Rolph; defendant and wife later agreed not to sell the house; his wife had neither money nor property save what he had given her; did not know Mrs. Stanton had been spending money freely; did not know of her business transactions nor of the issuing of checks by her until after the killing of Rolph.

Before Stanton left the stand Mr. Mr. Burke propounded a few questions to him.

Several witnesses were put on the stand by the Commonwealth in rebuttal of evidence for the defense.

At one o'clock court took a recess until two.

After reconvening Kenneth W. Ogden was called. Witness is a member of the firm of Graham and Ogden, real estate dealers. He told of his business relations with Mrs Stanton concerning the intentions of selling her house. Mrs. Stanton had told witness Rolph should not have her house when she was told he might become the purchaser.

R. F. Downham followed. He told of receiving a check from Mrs. Stanton when the latter failed to have money in the bank to meet the same.

Several other witnesses followed, but their testimony cast no new light on the tragedy.

Robert James Snead, Jr., took the stand. Witness said he resided in Rosemont; had lived there three years; Mrs. Stanton lives next door to him; had known Jesse Rolph since Christmas; deceased had purchased an Olds cars when he had another auto; Rolph was friendly of spirit; was calculated to make friends; denied that Rolph met Mrs. Stanton in his house; he was never at his home when females were present; Mrs. Stanton was introduced to Rolph on the 30th of March at a birthday party in the neighborhood; his family's relations with Mr. and Mrs. Stanton and their children had been pleasant until the beginning of the alleged intercourse between Mrs. Stanton and Rolph; Mr. Snead did not use intoxicants; always spoke well of Mr. Stanton; denied all allegations against Mrs. Snead, especially the insinuations that Mrs. Stanton had been led astray by Mrs. Snead; witness always sympathized with Stanton, who was often treated with disregard by the latter's wife.

Snead was on the stand when this report closed.

CRUSHED TO DEATH

Luray, Va., Aug. 8.—An unknown man was instantly killed by train No. 1 on the Norfolk and Western railway, one mile north of Vesuvius, Rockbridge county yesterday morning about daylight. It is not known whether the man had fell to sleep while sitting on the track or whether he was run down by the train. He was horribly mangled, his head being severed from his body. Fragments also of the latter being scattered along the track for a hundred yards.

The engineer of the train that killed the man did not know that he had struck any object until he saw the body hurled under the wheels.

From papers found on the man it is believed that he was of foreign extraction. He had one dollar and twenty cents on his person.

THE FOOD PROBLEM

President Wilson to Appear Before Congress This Afternoon

Four o'clock this afternoon is the hour set for the appearance of President Wilson before a joint session of the Houses of Congress.

The President will ask immediate passage of legislation dealing with both food problems and a growing spirit of industrial unrest that now is sweeping the United States, it was learned last night.

Then. leaving to Congress the problem of equipping the government with weapons to deal with the present crisis, the President will return to the White House to resume personal charge of the executive program framed by him and his advisers to curb profiteering and hoarding of foods, and to redure living costs.

Within three weeks' the first step towards prosecution of big meatpackers will be taken in Chicago, when indictments will be asked of the grand jury. District Attorney Clyne yesterday discussed the step with the President.

This is only one part of the general executivc program to better living conditions, undertaken at the President's direction.

Another step was put in full swing early yesterday, when more than 1,000 agents and employees of the Department of Justice began a nation wide hunt for evidences against profiteers and price gougers.

HALT TRAFFIC IN NEW YORK

Brooklyn Railway Transit Company Suspends Service After Day of Violence

New York, Aug. 8.—Service on all lines of the Brooklyn Rapid Transit Company, surface, elevated and subway, was discontinued at 9 o'clock last night to be resumed at 5 o'clock this morning. The reason assigned by the company for the company for the abandonment of service during the night, was inadequacy of police protetion.

Service on all of the lines throughout the day was desultory and many attacks were made on cars, many of the nonstriking motormen and conductors being beaten. Scores of arrests were made, and the police courts were kept busy all day. One man was stabbed, and a boy was shot, in one of the riotous demonstrations. The disorder was not confined to any one section of the city, but was reported from all quarters at different times.

LIVE WIRE PROVES FATAL TO WORKER

Alfred Schethe Electrocuted at Virginia Shipbuilding Plant Yesterday

NO INQUEST HELD

Schethe Was Working on Betsy Bell at Time He Met Death—Pulmoter Used Without Effect.

Alfred Schethe, about twenty-years old, who was employed as a laborer at the plant of the Virginia Shipbuilding Corporation was electrocuted while at work at the company's plant yesterday afternoon.

Schethe was at work on the Betsy Bell, on which ship the finishing touches are being put on, when he came in contact with a live wire it is supposed. The heavily charged wire immediately put him to death. Dr. H. A. Wood ,the company's physician, was summoned and used the pulmotor without effect.

The body was removed to Demaine's undertaking chapel. An inquest was deemed unnecessary. The deceased was a native of Rochester, N. Y., and had been employed at the company's plant for several months.

HINES TO DEAL WITH HEADS.

Washington Terminal Workers Must Return, as Well as 40,000 Who Quit in Chicago, and Other Cities

President Wilson last night ordered Rail Director Hines to take up and reconsider on their merits the demands of railway shopmen without waiting for action by Congress.

This is expected to avert all possibility of an immediate nationwide strike of 500,000 shopmen, provided 40,000 members of the union in Washington, Chicago and other cities return to work pending negotiations. These men walked out without waiting to learn the result of a national strike vote now being taken.

The order also is expected to quiet the situation with regard to wage demands of 188,000 members of the Brotherhood of Railway Trainmen and 52,000 members of the Order of Railway Conductors, who also are meatening nation wide walkouts.

The President made it clear, however, that Hines is to refuse to open negotiations with the shopmen until the 40,000 untauthorized strikers return to work.

WHITE MEN QUIT

Thousands Refuse to Work With Negroes in Packing Plants in Chicago

Chicago, Aug. 8.—M. F. Wegener, financial secretary of the Stock Yards Labor Council, declared that 4750 white employes had walked out at the different packing plants at noon and that the number was growing hourly.

The men, he said, had quietly left their places, refusing to work with negroes under police protetion, but that no violence had been reported.

Officials of the Stock Yards Labor Council announced yesterday that the return of the negro workmen might result in a general strike. The white men, it is said, objcted to the negroes largely because a majority of them were not members of the union. The white men also complained that white workers were searched for weapons and that negroes were not. The union members also objected to the presence of State troops and police in the plants.

SHARP BREAK IN STOCKS

Orgy of Trading Marks Last Hour in New York

New York, Aug. 8.—Prices fell with a crash in the last hour of trading on the Stock Exchange yesterday. Reactions of 5 to almost 20 points from the best quotations of the session were accompanied by many disturbing rumors and led to an orgy of selling.

Reports from Washington to the effect that President Wilson's address before Congress tomorrow would deal summarily with profiteers were supplemented by rumors that action contemplated by Department of Justice would involve many industrial corporations which flourished during the war.

Apprehension was heightened also by the attitude of the railroad brotherhoods, whose representative before the House Interstate Commree Committee gave utterance to serious accusations against Wall Street "interests."

Another disturbing feature was the further collapse of French exchange to a point never before recorded in this market, bills on Paris falling to levels where they represented a discount of 33 per cent from par.

VOTE TO RETURN TO WORK

Atlanta, Aug. 8.—The first break in the strike of railroad shopmen in the Southeast came late yesterday when 1,500 employees of the Norfolk and Western Railroad shops at Roanoke, Va., voted to return to work tomorrow and await results of the vote on a general strike order.

In the meantime, railroads generally in the Southeast were working under a suspension of freight traffic except in perishable goods and food stuffs or human consumption.

Passenger trains generally were running on schedule time, but Pull man sleeping cars had been eliminated from certain trains. So far as could be ascertained the embargo had not had serious consequences as yet.

The Mayor of Atlanta after conferring with local representatives of oil beginning tomorrow, except in the companies, announced today that gasoline would be sold only by permit cases of public utilities, physicians, hospitals, and other necessary businesses. It also was announced that rules regulating distribution of coal, ice and food would be issued if necessary.

No other changes in the strike situation were reported either by the railroad administration or the union leaders.

President's Proclamation Will be Acted on—Local Yards Tied up Tight as Result of Strike.

The 700 railroad shopmen and laborers who on last Friday went on a strike for an increase in wages are still out.

The strikers held a meeting this morning in the Opera House which was largely attended.

At the conclusion of the meeting it was announced that another meeting had been called for 9 o'clock tomorrow morning. This meeting will be addressed by a representative of the American Federation of Labor.

It is expected that some action regarding the return to work of the men may be taken at this meeting in accordance with President Wilson's proclamation that the men return to work before the wage increase be considered.

It was stated by the strikers this morning that both the Southern and Potomac yards are closed tight, the last foreman from the Potomac yardse having gone out today.

It also was stated that a number of clerical employes from the Washington Terminal Company are doing work of a laborious nature at the yards.

SIX MONTHS IN JAIL

War Drought Law Held Constitutional in Case of New York Saloon Owner

New York, Aug. 8.—Holding the war time prohibition law constitutional, Judge Wilson, in the Federal District Court, Tuesday, sentenced John H. Voege, proprietor of the saloon at Franklin and Center Sts., which has been known for years as "Tom Foley's," to six months' imprisonment and fined him $1,000 for selling a glass of what the government contends was whisky. This is the first jail sentence imposed in the New York district for violation of the prohibition law.

Immediately after sentence was imposed Judge Wilson granted a 10 days' stay for the preparation of appeal papers and paroled Voege in the custody of his counsel, Robert Moore. A test will be made of the case and an appeal filed.

Voege was apprehenedd by agents of the Department of Justice. Pasquale Pigniuolo testified he ordered whisky from Voege and that when the bar bottle was placed before him he poured some of the contnets into a phial. The Government operative said he did not taste the liquor, but it smelled like whisky.

A Government chemist testified he had examined the liquid turned over to him by Pigniuolo and found it contained alcohol.

LET US LOOK AT FACTS

"I want to say the people are not going to fold their hands while they are starving."

This statement is credited to Warren S. Stone, of the Brotherhood of Locomotive Engineers, while appearing before a Congressional committee.

Let us look a few facts fairly in the face, says the Baltimore Sun.

"Why is it that while the people are starving movies, theatres, excursions and all other forms of amusement are crowded with men and women?

"Why is it that while the people are starving it is impossible to get a new, cheap, expensive or moderate priced automobile for immediate delivery?

"Why is it that while the people are starving it is impossible on a Saturday afternoon to buy a box of candy in a shop unless you take your place at the end of a long line of humanity and patiently wait your turn?

"Why is it that while the people are starving advertisements are continually and constantly to be seen offering work at a commencing minimum wage of 50 cents per hour?

"We know that Mr. Stone has the welfare of the whole of these United States every whit as much as heart as any other self respecting, honest American citizen. But as an intelligent individual he must realize that a supremely silly statement somtimes serves to stab common sense unfairly in the back and the free functioning of calm, cold, hard, horse tense was never needed half so sorely as it is today."

MUST INCREASE PRODUCTION

Senator Gronna may not be right when he names a working day of 14 hours as the thing which straightway would knock the high cost of living in the head. But he cannot be wrong when he declares that cutting labor's production excessively by cutting labor's producing hours excessively must intensify the scarcity of all commodities produced by labor and thereby must make them dearer, whatever the money wage of labor.

The New York Sun in this connection says:

Wages are not money. Wages are the commodities into which a day's work will exchange. If, to live, the American people end 110,000,000 loaves of bread and 110,000,000 pounds of provisions a day, and the production, through whatever cause fell to 55,000,000 loaves of bread and 55,000,00 pounds of other food you might raise average money wages to $5 a day, you might raise average money wages to $50 a day; but that wouldn't add a single grain to the loaves of bread needed or a single ounce to the provisions. The American people, on whatever money wage would have to go hungry. To increase its reward—which means to reduce its cost of living—mankind must increase its production."

PRODUCE MEN STIRRED

Washington papers say there was a stir among those who buy and sell produce in the wholesale district near Center Market yesterday over an expose of alleged "price-fixing."

There were whispered conversations among retailers along Louisiana avenue and B street in the early morning hours concerning just how far the Senate investigating committee will go in rounding up profiteers and price fixers who are making the cost of the necessaries of life almost prohibitive.

The report was quietly circulated in the wholesale district about closing time yesterday that the combine which has been ruthlessly controlling the food supply of Washington was in danger of collapse, and that a slump of prices was already in sight.

A Maryland farmer has sent a communication to a Baltimore paper in which he says:

"On July 31 I sent to the Baltimore market five spring lambs and one sheep, 1 year old. The wholesale quotations on that day were 16 cents for lambs and 10 cents for sheep. Simply because the man who hauled the lambs for me dealt with the buyer, as an honest man he paid him, according to this bill. I received 10 cents a pound for the lambs and 5 cents a pound for the sheep."

WILL NOT STRIKE

Railroad labor contemplates no strike in the event Congress refuses to meet its demands for Government ownership of the railroad system.

This was the assertion made today by A. B. Garretson, for years president of the Order of Railway Conductors, recognized as a power among the four great railroad labor brotherhoods, and the man who is credited with forcing through Congress, in conjunction with the other brotherhoods, the Adamson eight-hour day law two years ago.

"I have not even heard a suggestion among railroad workers for a strike should Congress refuse to grant Government ownership," he said.

BOMB HURLER'S GUILT

Washington, Aug 8.—Charles McGuire, an engineer of the Los Angels public utility board, has confessed to having prepared and thrown the bomb at the residence of Attorney Oscar Lawler, there, the Department of Justice announced yesterday:

The statement said:

"The Department of Justice, through its agents at Los Angeles, Cal., has just received the information that it has definitely been established that Charles McGuire, engineer of the Los Angeles Public Utilities Company Board, prepared and exploded the bomb in the Oscar Lawler bomb case. McGuire committed suicide when confronted with the evidance against him. This bomb explosion has absolutely no connection with anarchistic activities."

Lawler and his wife were severely injured when a bomb was exploded at their home in Los Angeles last Sunday. Lawler was a former United States district attorney.

Los Angeles, Cal. Aug. 8.—Chas. McGuire, suspected of dynamiting the home of Oscar Lawler last Sunday, and who was being questioned late Wednesday night, escaped from his guard, leaped from the eleventh floor of the Hall of Records to the pavement and was killed.

A SCIENCE THAT STANDS ALONE PECULIAR TO ITSELF

Chiropractic seldom fails, never harms, is logical and will bear investigation. It is new to many, but has among its warm supporters thousands who have found relief.

Clinical records show that there is hardly a recognized form of disease that has not been successfully removed by this method—not excepting the dreaded infantile paralysis.

No matter what your ailments may be, don't become discouraged. If you will call at my office, I will cheerfully tell you if Chiropractic is applicable to your case. Free literature explaining this method is yours for the asking.

WARNS OF FOOD CRISIS

Says Acts Against Hungary Threaten Europe's Supply

Paris, Aug. 8.—Herbert Hoover, European Relief Administrator, notified Premier Clemenceau yesterday that the Rumanians, by their pillaging in Hungary, were endangering the food supply of Central Europe.

Rumanian action against Hungary came to a climax with the announcement yesterday that an ultimatum had been presented in Budapest demanding the Hungarians surrender large quantities of war and other materials. British and American representatives in Budapest have protested against the ultimatum.

FLIES UNDER ARCH

French Aviator's Machine Had 8-ard Wing Spread

Paris, Aug. 8.—Lieutenant Godefroy, a French aviator, yesterday performed the feat of passing under the Arc de Triomphe in an airplane flight.

The airman had been training several months in preparation for the feat. His practice work was done at Villacoublay, where the frame of an arch of the same dimensions as the Arc de Triomphe had been erected for the purpose.

Godefroy flew a machine with a wingspread of eight yards, which left him a margin of about seven yards to get through the arch. He cleared the opening cleanly, gliding through with his motor stopped. After clearing the arch he turned on the power again and flew over the Champs Elysee.

SLAYS DOCTOR

Springfield Physician Meets Death at Hands of Sweetheart

Springfield, Mass., Aug. 8.—Dr. Henry Zimmerman, a prominent young physician, recently discharged from the army, was shot and killed today by Miss Jennie Zimmerman, after a quarrel on the street over the physician's refusal to marry the young woman.

Miss Zimmerman, who is not related to the man she shot, has been prominent in Red Cross and other war work. She has been the sole support of several children since the death of her father. Her mother is an inmate of th Northampton Hospital for the insane

According to the police, Miss Zimmerman called the physician on the telephone shortly before the shooting and engaged in a violent argument with him because of his refusal to marry her. Afterward the couple met on Terry street and renewed the argument. In the midst of it, the young woman drew a revolver and fired.

NOW IS THE TIME

To Build Up Permanently. Nature at Its Best as an Aid.

If you who are weak, nervous and run down from over-work, worry of any other cause would only realize that the summer months is the time to build up strength and vigor there would not be so many collapses and rushing for aid during the winter.

The plan to follow is simple: plenty of rest and good wholesome food along with a strength-creating body-building tonic, Chasco-Vin with its Iron, Manganese, Hypophosphites, Nux and other strength making ingredients, is the tonic we suggest.

If you follow this plan carefully you will notice a wonderful improvement in two weeks time. But don't give up too soon.

The Local agent for Chasco-Vin is Edgar Warfield, Jr., King and Pitt Streets.

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.
